***Response to Amendment***

The reply filed on 29 January 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

The reply must present arguments pointing out the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references.

See 37 CFR 1.111(b). Only arguments for claim 20 exist. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

***Election/Restrictions***

The amendment filed on 29 January 2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because while claim 20 has been amended, only 10 words have been kept in the same order when comparing the original claim 20 with the amended claim 20. The pending claim is distinct and independent from the original claim since the independent claim no longer requires use as a base for a wind turbine and a base for attaching a fish farm installation. Furthermore, the claim now requires the foundation to have a body, wherein the body is adapted to be submerged below a wave motion area of water.

Art Unit: 3745

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a **TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS**, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.**
